

## About the VaxText<sup>SM</sup> text messaging service

The VaxText text messaging resource is a **free, no cost to the provider or patient**, service you can offer to vaccine recipients if you do not already have a text or email reminder system in place.

By texting **ENROLL** to **1-833-VaxText (829-8398)**, vaccine recipients can opt in to receive a weekly text reminder for their second dose of COVID-19 vaccine or a reminder for when they are overdue for their second dose, in English or Spanish.
